eNook®

If you're space challenged, then eNook is the workspace for you.

This wall-mounted workstation not only stores your equipment behind a secure locked door, but the door flips down for a handy desk. The innovative eNook takes up zero floor space (and only a few feet of wall space!) and earned *Best of NeoCon 2006*, awarded by international leaders in product design.

The flip-down keyboard surface on Barbara's eNook Pro gives her plenty of space to work, then flips up when she's done and locks with a programmable code lock.

PRODUCT SPECIFICATIONS

Weight Capacity: eNook Pro has an overall weight capacity of 75 lbs. (up to 50 lbs. on the work surface). eNook Standard has an overall weight capacity of 50 lbs.

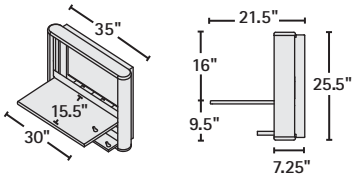
Warranty: Five-year Warranty.

Colors: See the info with each product for available product colors. See Color Choices at the top of the following pages for available colors.

ENOOK WORKSTATIONS

ENOOK STANDARD WITH KEY LOCKS

Shown in Dark Cherry finish with Blue fabric (Part #EK3616TB/DS).



- Perfect for simple laptop applications. Roomy interior is 5.25" deep.
- Fabric back panel is a tackable bulletin board. To change out the fabric, all you need is a staple gun!
- Lower back frame is open so you can install a power outlet anywhere and hide the power and data cords.
- The 6-outlet surge protector has a 15' cord, is UL listed, and rated at 15 amps, 120 Volts.
- Comes with ventilated back steel frame, 2 front corners of brushed aluminum, front frame with 2 locking doors (the upper compartment has a 16.5" deep work surface and the lower conceals cables and power strip), fabric back panel, 2 keyed locks with 2 keys, 6-outlet surge protector, 6 cable management clips, and inner metal tray to hold your laptop. Patent pending.
- Available with Silver Metallic (SM) metal. Fabric is available in 4 standard options: Blue (TB), Garnet (MG), Gold (TG), and Sage (AS). Laminate is available in a choice of 3 finishes: Dark Cherry (DS), Maple (MS), and White (WS).
- Hardware is included for installation onto drywall or into wood studs. For metal studs use drywall hardware. Drill required for installation.

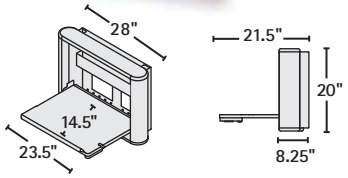
ENOOK PRO FOR LAPTOPS WITH PROGRAMMABLE CODE LOCK

Shown in Maple finish (Part #EPL2818SM/MP)



- Features one door to access the entire unit plus a metal Cable Channel at the bottom of the unit to hold cords, cables, and an optional power strip.
- Programmable Code Lock protects contents and records up to three combinations for multiple users.
- Adjust the depth during assembly for 7.25" or 8.25" outside depth, 6" or 7" inside depth.
- The metal back panel has openings for installing power and network connections directly behind the unit.
- Comes with ventilated back steel frame, 2 front corners of brushed aluminum, front frame with locking door, programmable code lock, 6 cable management clips, and an inner metal tray for laptop storage.
- Available with Silver Metallic (SM) metal and a choice of 4 laminate finishes: Dark Cherry (DC), Maple (MP), Walnut (WL) and White (WH). Ask about our upgrade to the Kydex®-brand anti-microbial laminate.
- Hardware is included for installation onto drywall or into wood studs. For metal studs, use drywall hardware. Drill required for installation.

COLOR CHOICES

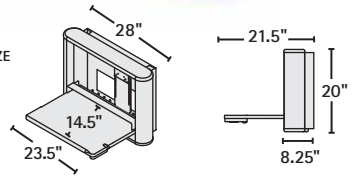
Select your product colors from the following swatches. For most part numbers, replace "zz" with a 2-letter Metal Code and "xx" with a 2-letter Laminate Code.

Metal Colors (zz)	Pro Laminate Colors (xx)			Standard Laminate Colors (xx)		
Silver Satin (SS)	Dark Cherry (DC)	Maple (MP)	Walnut (WL)	Dark Cherry (DS)	Maple (MS)	White (WS)

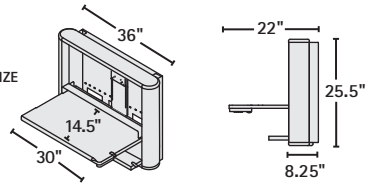
ENOOK PRO FOR MONITORS WITH PROGRAMMABLE CODE LOCK

Shown in Large size with Dark Cherry finish (Part #EPM3616SM/DC).

SMALL SIZE



LARGE SIZE

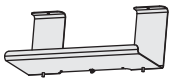


- Available in two sizes: Small (28" wide x 20" high) or Large (36" wide x 26" high). Small models feature one door to access the entire unit plus a metal Cable Channel at the bottom of the unit to hold cords, cables, and an optional power strip. Large models include a second Cable Cubby door at the bottom of the unit.
- Programmable Code Lock protects contents and records up to three combinations for multiple users.
- Adjust the depth during assembly for 7.25" or 8.25" outside depth, 6" or 7" inside depth.
- The metal back panel has openings for installing power and network connections directly behind the unit.
- The tilting monitor bracket complies with VESA 75mm and 100mm standards and attaches at any height along the monitor rail (just make sure to leave enough clearance above and below). The monitor rail attaches at any position left-to-right inside the enclosure. Great for multiple users.
- Comes with ventilated back steel frame, 2 front corners of brushed aluminum, front frame with locking door, programmable code lock, monitor rail with tilting monitor bracket, 6 cable management clips, and metal keyboard & mouse cubby with grommeted cord pass-through.
- Available with Silver Metallic (SM) metal and a choice of 4 laminate finishes: Dark Cherry (DC), Maple (MP), Walnut (WL) and White (WH). Ask about our upgrade to the Kydex®-brand anti-microbial laminate.
- Hardware is included for installation onto drywall or into wood studs. For metal studs, use drywall hardware. Drill required for installation.

PRODUCT	Weight	Part #	Price
Small eNook Pro for Monitors	60 lbs.	EPM2818SM/xx	$1,129
Large eNook Pro for Monitors	77 lbs.	EPM3616SM/xx	$1,199

ENOOK ACCESSORIES

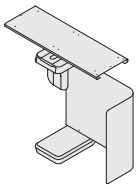
ACCESSORY SHELF



- Attaches to the top of the enclosure or the bottom of another Accessory Shelf.
- Has a weight capacity of 5 lbs. and measures 13" wide, so make sure you leave room for your laptop, monitor, or other equipment.
- Available in Silver Metallic (SM).

PRODUCT	Width	Depth	Height	Weight	Part #	Price
Accessory Shelf	13"	5.25"	5.5"	5 lbs.	336SM	$39.95*

CPU HOLDER

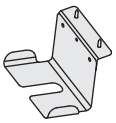


- Store your CPU below the eNook Pro on this adjustable holder. It expands and contracts to fit snugly around your CPU; adjusts to fit CPUs 3"-10" wide, 12"-20" high.
- Weight capacity of 30 lbs.
- Interior height range of 12.5"-20".
- CPU holder slides into metal track that attaches to the bottom of your eNook Pro with 10 screws.
- Metal wrap-around shield protects your CPU from bumps and conceals your cords and cables so they can't be accidentally pulled loose. Shield measures 18" wide, 5.5" deep, 11" high.
- Available in Silver Metallic (SM).

PRODUCT	Weight	Part #	Price
CPU Holder	12 lbs.	355SM	$295.95

Does not work with eNook Standard.

MOUSE HOLDER



- Store your mouse or other device in this handy holder.
- Mounting bracket is 5"w x 1"d and attaches to the ventilation holes in the frame of your eNook. Extends 5" below the top of your eNook.
- Available in Silver Metallic (SM).
