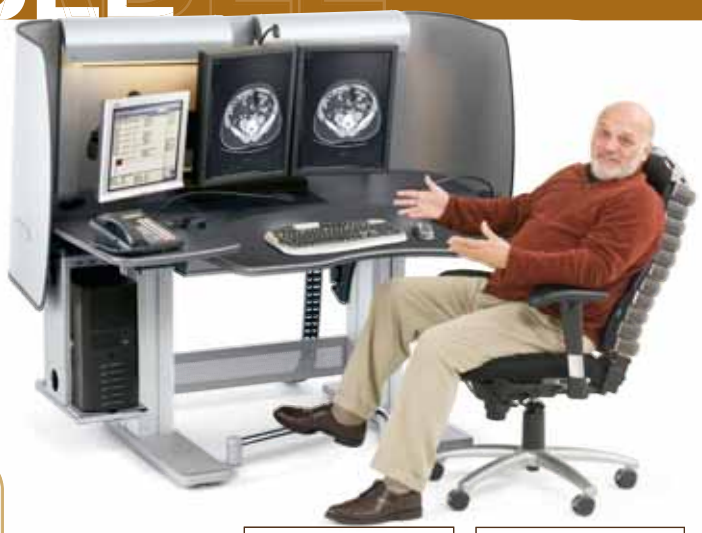
CARL'S TABLE®

Carl's Table is the most advanced radiology workstation developed so far. Adjust the height and tilt of the work surface with the push of a button so you can work comfortably throughout the day — sitting, standing, or reclining. Features include a noise-reducing privacy panel and an integrated lighting system that reads the density of your screen images and automatically adapts to reduce eye fatigue.

Its innovative design and usability earned Carl's Table *Best of NeoCon 2008*, awarded by international leaders in product design.

What are the differences between the new ct1, CT12 and CT03 models? Check out the comparison chart online at anthro.com/carlstable.



The adjustable Carl's Table CT12 allows Juan to comfortably change positions throughout the day from sitting, to standing, to reclining.

PRODUCT SPECIFICATIONS

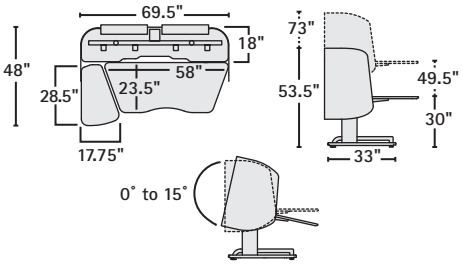
Tested for safety: CT12 and CT03 are ETL-listed for the US and Canada.

Colors: See the info with each product for available product colors. See page 29 for available accessory colors.

Warranty: One-year warranty on mechanical and electrical components; five-year warranty for other components. The power cord, light bulbs, and worksurface pad are not warranted. CT Cart has a two-year warranty on the column, lifetime on the cart. All warranties are against manufacturing defects.

CARL'S TABLE WORKSTATIONS

CT12



- Comes with 2 electrically controlled shelves (1 monitor, 1 keyboard) with height and tilt adjustments, side shelf, back Privacy Panel, 2 height-adjustable legs, CPU holder, footrest, 2 background lights, 2 LED task lights, 2 control panels, powered USB hub, Air Ventilation System with 2 adjustable air ports, Monitor Control System™ with 3 monitor brackets and cable management troughs, 3 power strips with 14 outlets, and a 10' power cord with cable management sleeves.
- With up to 100 programmable preset positions, you can record your favorite work position then just enter your code when you sit down to work. The table will automatically adjust to your settings.
- The unique Monitor Control System™ adjusts the height and depth of the monitor bar with push-button control. Comes with installation points for up to 3 monitors; easily upgrades to support up to 5 monitors.
- An adaptive lighting system uses a sensor to automatically adjust the ambient light in the workstation to the image on the screen to help reduce your eye fatigue. Two task lights illuminate the work surface.
- A Privacy Panel shields you from distractions, reduces glare, and diminishes noise up to 35%.
- The Air Circulation System has two adjustable vents at each side of the table to keep gentle air flowing around you, refreshing you while you work.
- The easily-accessed powered USB Hub allows you to plug in up to 3 peripherals.
- Shelves are available in Dark Grey (DG) or Wenge (WE) laminate.
- As part of the package, one of our knowledgeable Field Service Engineers will travel to you to oversee the installation of the table and show your staff how to use it.

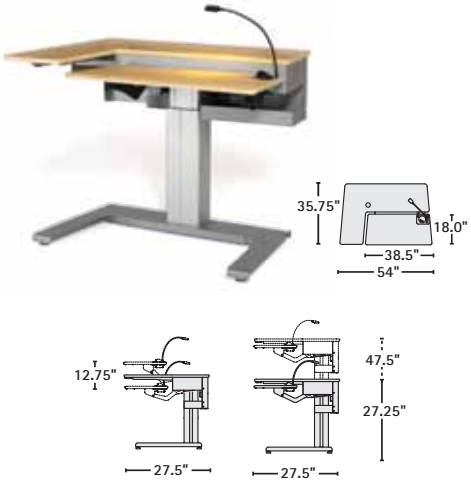
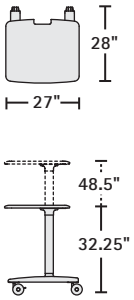
ct1



- Comes with electrically controlled L-shaped monitor shelf with height adjustment, keyboard shelf with manual height and tilt adjustment, height-adjustment leg, LED task light, air circulation fan, control panel, powered USB hub, Power Bar, cable trough, and 10' power cord.
- Table adjusts 27.25"-47.5" overall. Keyboard surface provides additional height adjustment, extending the range to 21.5"-54.5".
- Compact size makes ct1 a great fit for crowded reading rooms, teleradiology, video, web, and graphic design.
- The L-shaped monitor shelf is 45.25" wide at the back, providing space for multiple monitors. Install monitors on Flat Panel Monitor Arms (see pg. 29), or place them directly on the work surface. The arm of the shelf extends all the way to the front of the table, providing additional workspace — or a place for your coffee.
- Shelves feature smooth contoured edges for comfortable keyboarding.
- Integrated power bar provides 10 outlets for all your equipment, including the provided powered USB hub for easy access to your system. Roomy cable tray under the power bar provides room to organize cords and cables. The entire power and cable system travels up and down with the table, protecting connections on your monitor and other equipment.
- Add your choice of CPU Holder (standard or super) to support your computer. The Holder engages the table's safety system and stops the table's motion if the bottom of the holder contacts an obstacle.
- The ct1 has a weight capacity of 300 lbs overall including 40 lbs on the keyboard surface and 80 lbs in the CPU Holder.
- Available in Silver Metallic (SM) metal with Dark Grey (DG), Maple (MP), and Wenge (WE) laminate.

PRODUCT	Weight	Part #	Price
ct1	290 lbs.	CT01SM/xx	$4,699

CT CART



- Strong CT Cart supports 150 lbs overall, and is available in 2 models: Light Load (balanced to lift 35-50 lbs.) and Heavy Load (balanced to lift 50-95 lbs.) Include the weight of accessories and your equipment when choosing the right model for you.
- Comes with contour laminated shelf, gas cylinder with height-adjustment lever, H-shaped metal base with four 4" casters (two locking).
- Large shelf is 27"w 23.5"d and provides plenty of room for keyboard, mouse, and paperwork. Curved edges on all four sides are comfortable against your arms when keyboarding.
- Compact footprint (27"w 28"d) fits into tight spaces like OR, ER, and patient rooms.
- Available in Grey Metallic (GM) with Dark Grey (DG), Maple (MP), or Wenge (WE) laminate.

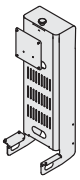
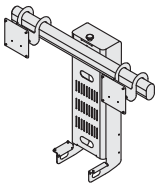
Flat Panel Monitor Mount – CT Cart



SINGLE MONITOR MOUNT



DUAL MONITOR MOUNT

- A choice of Monitor Mounts matches your cart's hardware to your equipment. All mounts start with a large ventilated all-metal cable enclosure to organize cables and store transformer bricks.
- The Single Monitor Mount features a tilt-and-swivel head and comes in 3 strengths: Standard, Heavy Duty and Xtra-HD.
- The Dual Monitor Mount supports two PACS monitors on a strong metal rail. The threaded holes on the rail provide a selection of installation points so you set the spacing of the monitors. Tilt-and-swivel heads position the monitors for comfortable viewing.
- For even more adjustment, add a Flat Panel Height Adjuster to adjust the height of your monitors up to 9", independent of the cart height. Only works with the Single Montior Mount - Standard and Dual Monitor Mount.
- Monitor Mounts are available in Grey Metallic with Silver Metallic accent.

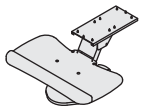
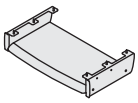
KEYBOARD & MOUSE SOLUTIONS



COMPACT KEYBOARD AND MOUSE CADDY



KEYBOARD DRAWER

MOUSE HOLDER

- Choose optional accessories to store your keyboard and mouse and leave the work surface clear.
- The retractable Keyboard and Mouse Caddy adjusts up to 6" below the work surface and tilts 20 degrees positive and 20 degrees negative so it's easy to find a comfortable keyboarding position. An integrated cushioned wrist rest supports your wrist while typing, and an incorporated swing-out mouse shelf is 8" across to provide a handy space for your mouse.
- The Keyboard Drawer (20"w 9"d) moves in and out on smooth ball-bearing glides; the front of the keyboard surface features a curved edge that's comfortable against your arms. Add the Mouse Holder for your mouse; it attaches to the side of the Keyboard Drawer to keep your mouse secure as you move the cart from room to room.
- Keyboard and Mouse Caddy comes in black phenolic. Keyboard Drawer is available in Dark Grey (DG), Maple (MP), and Wenge (WE) finishes.
