

Solutions for any way you work.

The Steve's Station family of imaging furniture incorporates everything we've learned about imaging furniture over the last 12 years. Developed in partnership with radiologists across the US, this family best reflects our complete commitment to make every radiologist more productive.

Top 4 Selling Points for the Steve's Station Family

Dual-surface tables have a height range of 17.25"-56". That's lower than any of our competitors.

Each table has a high lift capacity: 250 lbs for Deluxe, 325 lbs for Advanced, and 375 lbs for Standard.

Monitor Easy Track™ slides the entire bank of displays forward and back 10" to your optimal focal depth. *On Deluxe and Advanced only.*

Manually fine-tune each monitor's position and tilt to put displays in a seamless array. *On Deluxe and Advanced only.*
