

zido®

Easy configurability wrapped up in a sleek and compact design

With Zido Adjustable-Height Carts, squeeze the lever and the pneumatic cylinder helps you lift the shelf (as high as 40") or lower it (as low as 30") to a comfortable height, perfect whether you're sitting or standing. Release the lever and the shelf stays in place.

Zido Pole Cart supports Kim's work set-up with ease. The retracting caddy pulls out when she needs it.

Configurability and mobility make Zido the perfect workstation for Healthcare, Lab and Office environments.

Zido offers a full range of optional accessories: drawers and bins for storage; handles for easy mobility; and shelves and holders to take your CPU, keyboard and mouse, and equipment along with you.
