STEP 1 - CONNECT

- Verify that your iPads are fully charged. Without a full charge, devices will not sync.
- Connect the hub to the power on the cart or cabinet. [A]
- Connect your powered-up laptop to the hub using the cord that came with the kit. [B]
- Connect your devices to the hub, either [C] at the IT Area (by unplugging the cords from the power adapter and plugging them into the hub) or [D] at the User Area (by disconnecting the charge cord from device and plugging in the cords that came with the kit).
- Connect the cart or cabinet to the power in the room.

STEP 2 - TURN IT OFF

Turn off the power switch on the cart or cabinet.

STEP 3 - TURN IT ON

■ Turn on the power switch on the cart or cabinet. Restoring power to your device prompts it to check for updates.

CONGRATULATIONS! YOUR USB SYNC KIT INSTALLATION IS COMPLETE!
